

# SIGNIFY SUCCESSES

## Meet Susan Barrance, our London Director

Susan is the perfect example of what a career at Signify can truly offer. Starting from scratch with no prior recruitment experience, she's not only grown with the company but has become one of its greatest success stories.

Starting with no prior recruitment experience, Susan has consistently been one of our top performers and now successfully leads our London office as a Director, part of our Senior Leadership team.

It's safe to say that Susan has been an integral reason behind our company's success.

After 5 years of hard work, Susan took full advantage of a well-deserved sabbatical, spending 8 weeks in Australia to enjoy quality time with her family.

Soon after, she embraced motherhood and welcomed her first child, all while balancing her career as a working mum. At Signify, we've been proud to support her throughout every stage of her journey with our benefits scheme.

### What did taking a sabbatical mean to you?

Honestly, I couldn't be more grateful for having the opportunity to take a sabbatical and take time off. I was able to entirely switch off and completely reset - whilst being able to spend invaluable time with family and friends so far away!
