## Intro, vision and values

**The Leprosy Mission (TLM) is the world's largest leprosy-focused organisation, a pioneer in our field, with over 150 years' experience serving people affected by this disease. We are a leading international development organisation, part of a Global Fellowship of 30 Leprosy Missions worldwide. We work with people of all faiths and none to defeat leprosy and bring transformation.**

Today, one person every two minutes is diagnosed with leprosy. It's a disease of poverty, striking the most vulnerable. Left untreated, it causes permanent disability. Stigma means that people affected by this disease are often rejected by those closest to them.

Our goal is to see a leprosy-free world. Our vision is for "leprosy defeated, lives transformed" meaning a world with zero transmission, zero disability and zero discrimination.

As one Global Fellowship our Christian identity is at the heart of who we are and everything we do. Our values are:

**Compassion:** We care deeply for others particularly those adversely affected by leprosy and those most in need.

**Integrity:** We work with honesty and transparency with a seamless correlation between our message and our actions.

**Inclusion:** We value all individuals, we promote equal access and opportunity to all, and are committed to removing discrimination and other barriers, enabling people to live life in all its fullness.

**Justice:** We promote dignity, respecting and fostering human rights.

**Humility:** We foster servant leadership and view everyone as equals.

**The Leprosy Mission Great Britain (TLMGB) works in 9 countries across Africa & Asia to defeat leprosy and transform lives. We raise funds, promote research and innovation, and support our partners to strengthen health systems. We provide health care services, education and skills training, job creation and housing and sanitation.**

**We work with and for people affected by leprosy and disability, ensuring they are part of project design and implementation. Everything we do aims to sustainably improve quality of life for people who have been excluded and rejected by society.**

## Our Chief Executive Officer

**Thank you for your interest in this vacancy, I am delighted that you're considering working for our amazing organisation and want to help us to defeat leprosy, forever.**

Inspired by our Christian faith, we help people affected by leprosy in nine countries across Africa and Asia. We serve people of all faiths and none, valuing everyone as Jesus did. We strive demonstrate God's love and protect His creation in all we do.

I have been working with TLM Great Britain (TLMGB) for over a decade, firstly as a volunteer and now as the Chief Executive Officer. I am as humbled today to serve people affected by leprosy as I was when I visited a leprosy community for the very first time. There are many barriers preventing people affected by leprosy from coming forward for treatment. Unfortunately, the barriers are not always tangible, all too often it is the stigma of leprosy that is the hardest to overcome. Working

with our overseas partners, we help communities and individuals affected by leprosy build their knowledge, skills and confidence to improve their wellbeing, challenge injustice, provide for their families and contribute to society; transforming lives.

Last year our incredible supporters and funding partners gave over £11 million to change the lives of people affected by leprosy.

A career at TLMGB is exciting and fulfilling. Every employee at TLMGB is a changemaker, you'll be changing the lives of people who have been rejected by society and there's nothing more rewarding than that!

We are a professional and supportive team, we have a culture of growing and learning together, providing extensive training in fundraising and international development. We have awarding winning levels of staff engagement and we're Charity Times and Third Sector award winners.

Hear from our staff what it's like to work at TLMGB Jobs ([leprosymission.org.uk](http://leprosymission.org.uk))

In addition, whether it's part of delivering your role or not, everyone has the opportunity to visit our work overseas during the course of their career.

TLMGB is a friendly, positive and collaborative place that feels more like a family than a workplace. Working for TLMGB is a unique opportunity to live out your calling, using your gifts to inspire the Church and groups across the UK to engage deeply with God's heart for justice and compassion. If you would like to join our team serving those affected by leprosy together, we'd love to hear from you!

**Blessings**
