OUR TALENT SOLUTIONS.

1 Contract/Temporary Recruitment

Fast, flexible solutions that adapt to project demands and help bridge immediate skills gaps without long-term commitment.

2 Direct Hire Recruitment

End-to-end support to identify, attract, and place top-tier permanent talent that fuels your business for the long run.

3 Recruitment Process Outsourcing

We take ownership of your recruitment function, streamlining hiring, improving quality, and reducing costs at scale.

4 SOW/Project Delivery

Outcome-driven, milestone-based services to deliver specialist teams and technical outcomes with full accountability.

5 Retained Search Recruitment

Dedicated search partnerships for high-impact or hard-to-fill roles, with guaranteed delivery and market-mapped precision.

6 Talent as a Service (TaaS)

On-demand recruitment embedded into your team, giving you scalable access to recruiters, data, and hiring tools.

WHAT OUR CLIENTS SAY.

We have worked with Oscar Technology as a preferred supplier over the past four years. We maintain an open and honest relationship that helps us to identify and select the best candidates.

The consultants have taken the time to understand the individual needs of our business and tailor searches accordingly. We look forward to working with Oscar Tech on our resourcing plans this year and beyond.

- Head of HR at Synectics

The Oscar Foundation is our commitment to the planet and its people. By aligning our efforts to the United Nation's Sustainable Development Goals, we hope to influence positive change and provide a better world for future generations.

The SocialCode is a series of thought-leadership events for the tech community. What started as an online meet-up event for developers during COVID-19, has since grown into a global events community with over 3,000 active member.
