

# SIGNIFY SUCCESSES

“

*Coming from no recruitment experience, Signify has given me the chance to explore recruitment. Since day one I have been embraced and met a lot of great people along the way. Signify has supported me consistently and giving me the opportunity to grow in my personal life too. Having the opportunities to not only grow personally but professionally too. Working alongside likeminded people who continue to motivate me is why I enjoy working at Signify.*

”

***Ike Feehi***, Managing Consultant

Ike joined our London office in June 2021 with no prior recruitment experience. After completing our in-house learning and development onboarding training and shadowing, Ike successfully closed his first deal within just three weeks.

In just six months, Ike earned his first promotion and has continued to climb the ladder ever since. In 2022, he received two more promotions all whilst managing a team and leading them to back-to-back personal best months.

In 2023, Ike was promoted again and became our UK Perm top biller. Along the way, he's brought in numerous paying accounts and hosted various successful events.
